INTERESTING

Tony Dennis advises he is still flying.

It seems that is not all Tony has been doing.

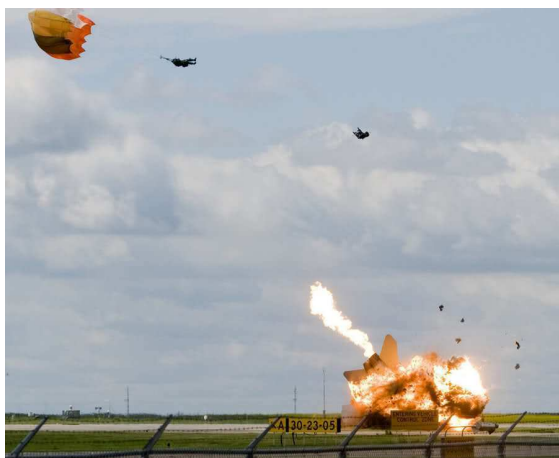

Do not forget Dave Jacka's "On a wing and a chair." www.onawingandachair.org.au

Spectacular pictures of F-18 accident in Canada. Incredible photos from a recent accident in Lethbridge, Canada.

It looks like the left engine has the nozzle full open so that one is either in AB or flamed out. Cool sequence of the rocket seat coming out, the canopy leaving the scene, the chute opening sequence and the separated seat falling away.

The impact photo has flame shooting out of the left engine... adds to the puzzle.

One thing is for sure, he wasn't out of fuel.

NEXT MEETING

The next meeting is at the Manhattan Hotel, Canterbury Road, Ringwood, on Tuesday, September 11 at 1930hrs after a meal for those who wish to enjoy pleasant dining with fellow pilots at 1900hrs.
